- TARC reported receiving \$17.6 million in funding that will create 330 jobs. Projects include the purchase of new hybrid buses, building a new maintenance facility and the repair/renovation of other buildings
- General Contract (MOA) Process for Local Public Agencies (LPAs) was discussed. The State and Federal Highway Administration must approve all contracts for dedicated STP Funds prior to projects proceeding
- The Urban League will assist TARC and contractors bidding with their Pipeline of Trained Workers (approx. 90)
- The local airport authority has sent the pre-application to the FAA for Phase I of the Crittenden Dr. project (\$15M)
- Competitive Transportation Grants to be discussed at next meeting
